Celebrate

When was the last time you truly appreciated a friendship?

When you could look into the face of sincerity. Feel the pride of knowing such undeniable character. Celebrate the offering of a bent ear and words of wisdom.

Thinking of how complete life seems to be just now.

Because of your friend.

Style abounds in the Southwind® with glass and brass decor lighting, select woods, and beautifully designed fabric.

Convenient under-dinette storage utilizes space effectively and allows you to stow additional items.

Enjoy this unique galley with backsplash, range and sink covers, and countertop of solid Corian®

Sense the magic of Southwind's upscale features and appeal.

This home-on-the-go has residential-style cabinets in the galley featuring raised panel doors. Under the large, double stainless steel sink, is a convenient slide-out pantry. You can choose the optional 12 cu. ft. side-by-side Dometic® refrigerator with ice maker. Or, when you select the standard 8 cu. ft. model, you'll also have an amazing floor to ceiling slide-out pantry for lots of easy-to-reach canned goods. Then marvel at the beautiful, yet durable, Corian® for countertop/backsplash, flush-mounted range and sink covers.

As you gaze over the front of the luxurious cab, you'll realize your wish for convenient extras has come true. Start with the special center-mount dash drawer with flip-up storage. Then check out the passenger-side computer station,* complete with hookups and an overhead compartment with a 20" Panasonic® TV. Enjoy it all as you relax in your reclining bucket seats.

All the comforts of home make taking up residence in the Southwind a breeze.

1 Southwind's 5.5kW ultra-quiet Onan® generator provides 110V service and comes with a 3-year warranty.

2 On the driver's side hookups are easily accessed and color-coded for quick setup. Adjacent is the wash station for convenient outside cleaning.

3 Every Southwind comes prewired for an optional Winegard® satellite dish.

4 Single key access to Southwind's entry door and compartments provides practical entry and convenient storage.

5 A coach-length, aluminum drip rail prevents discoloring of the sidewall.

6 Polyethylene storage compartments are non-corrosive to prevent rusting.

7 Practical, single die-cast metal paddle latches are flush-mounted for a luggage door system that's durable and easy-to-operate.

8 Southwind's windshield is designed to prevent moisture intrusion and provide an unobstructed panoramic view.

Taking the opportunity to savor a friendship brings flavor to life.

With a simple pat on the back or a smooth, lingering caress you are reminded of how important you are. You capture the priceless intimacy of the moment in one glance.

A glance that says just how you feel.

When was the last time you appreciated a friendship? We'll ask you when you get back.

the Season in a Southwind.

20" Panasonic® TV overhead, computer workstation, storage for maps, cupholder—this passenger compartment has it all.*

Southwind's contemporary-styled bolsters and throw pillows coordinate with the swag window treatment for an appealing place to stay.

The spacious wardrobe is deep enough for full-size hangers with room to spare.

Technology follows into the bedroom with your vanity that turns into a table—already wired for your computer and phone. (Available on the 35R.)

Ride
Ride like the wind with Southwind's long-lasting value, style and open-road elegance.

As you catch sight of the contemporary exterior colors and design, you have a glimpse of what awaits you on the inside.

The bedroom tells the whole story of Southwind's style. The queen-size bed is adorned with color-coordinated bolsters and throw pillows, which is gracefully complemented by the matching over-the-pole swag window treatment.

After a long day, relax and enjoy bathing in the privacy of your frosted glass shower—complete with skylight. And you're assured of having ample hot water since there's a 6-gallon combination gas/electric hot water heater.

For over 50 years, Fleetwood has been designing RVs to complement your active lifestyle.

So ride like the wind on a carefree adventure in the exceptional Southwind.

The Call of the Wind.

Feel the excitement as Southwind[®] arouses the senses, while keeping an eye out for your needs in this first-class motor home.

Powered by a strong Ford[®] heavy-duty chassis with 6.8L Triton[™] V10 engine (Workhorse[®] chassis available on 32V) your ride will feel as though you're floating on air. It provides effortless towing of your vehicle, ATVs or personal watercraft, so you can bring along all the fun things you need.* It includes features like lighted and easy-to-clean, insulated polyethylene luggage compartments. There's also a centrally-located utility compartment containing an exterior shower and color-coded control panel that's accessible for all your water and electrical hookups.

Take in breathtaking vistas of your travels with Southwind's extra-large, wrap-around windshield. The spacious, 35" driver's door adds an additional entry, making fill-ups convenient and leveling easier.

Cast your eyes across the cabin and admire a contemporary look of luxury and sophistication. There's colorfast nylon carpeting which leads up to the sleek and durable plank wood flooring in the galley.

So, when you're ready to lift your spirits, get in your Southwind and go wherever the wind takes you.

* Check your owner manual(s) for towing safety, rules and guidelines.

Features for 2001 Southwind

Our engineering may set us apart from the rest, but the things you'll notice most when you and your family take a trip, are the top-of-the-line features. Here are but a few of the items that make life on the road with Southwind memorable.

Practical, functional, and all within reach—convenient storage for maps and cupholders.

Southwind includes a convenient 35" driver's side door.

Make finding your way around the country easier with the optional satellite-connected VDO Dayton Model MS 5000 GPS navigation system, complete with software.

A standard electronic climate control system with dual A/C controls enables a separate climate in the front and rear of the coach.

Store food items in this roomy, shelved pantry.

For on-the-road convenience, you'll appreciate the optional residential-style washer/dryer (Optional on 36T and 36Z).

Southwind's basement space includes lots of storage for your gear.

The Power Platform Makes the Difference

Southwind's quality begins long before the features come on board. We begin by building on our exclusive Power Platform, with Paco Beam, a unique truss design welded together using tubular steel that's durable, strong, and dependable. The result is a quiet, and nearly flawless ride, increased floor strength, and substantially more storage space below. An all-steel foundation further reduces stress loads on the sidewalls and minimizes chassis flex on uneven roads.

A Steel I-beams are welded the length of the chassis for enormous weight-bearing ability.

B Water tanks run horizontally down the center of the frame for balance.

C Beefy steel outriggers firmly cradle all exterior compartments and add stability.

Drawing is for illustrative purpose only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.

What happens when you've been setting the standards of RV quality for over 50 years?

You set them even higher. Our customers expect us to. As a matter of fact, first-time RV buyers, who bought other manufacturers' RVs, tell us they wish they'd spent a little bit more for better quality. That's why experienced buyers are more likely to buy a Fleetwood RV.* That's also why Fleetwood RV invests in people, systems and manufacturing quality that are second to none. This may make us a bit more expensive than some brands, but satisfied Fleetwood RV owners know we're worth it.

People... We hire engineers, designers and drafters from leading automotive design schools. Our front-line associates are well-trained, quality-minded men and women who take pride in their work. No other manufacturer has a larger, more professional team behind their products.

Systems... Our product development team uses state-of-the-art, computer-assisted-design (CAD)

technology to build in fit and finish right from the drawing board. Each product is meticulously documented with over 3,500 pages of engineering drawings. A computerized bill of materials details over 20,000 pieces that go into your motor home. And, a vehicle specific *Electronic Parts Catalog* shows 600–800 common parts... so, if you need a new part, your authorized Fleetwood RV service dealership knows exactly what you need. Some manufacturers may not invest the extra time and money to accurately document their products, which could cost you plenty in headaches and hassles down the road.

Manufacturing... We only do what we know we're best at—building a quality-finished motor home. When it comes to the appliances, doors, windows, and furniture, we partner with other recognized leaders to do what they know best... top names like Sharp,® Panasonic,® Dometic,® Restonic® and Flexsteel.® Some manufacturers will tell you partnering like this makes us final assemblers. We call it working smarter to bring you more value.

We build our cabinets and secure them to the floor before the walls go up to add strength, and help eliminate noises.

Quality... The quality outside reflects the quality inside—places where you can't see it, but where it really counts. For example, we use vacubonded sidewall construction that's required for the special needs of a motor home. Our new TuffPEX™ plumbing system is able to withstand temperatures as low as -40° F. And now offered on our mid- to high-end Class A motor homes, a new, revolutionary exterior sidewall material which contains no wood products to guard against swelling, rotting and delamination. Before any unit rolls off the line at each of our plants, it goes through a documented checklist containing hundreds of items specific to that product. It won't leave the plant until it has met our high standards. And, the list goes on.

For strength, noise reduction and insulation, composite sidewalls and floors are constructed aluminum, plywood and polystyrene foam.

From the drawing board to the assembly line, we will continue to develop and manufacture quality products for our customers.

Fleetwood RV... Setting standards beyond your expectations.
