

2005 CAYMAN

CAYMAN®
2005

MONACO™

MONACO™

DRIVING YOUR DREAM.™

Are you ready to make the big step up to diesel? Then take a closer look at the 2005 Cayman. This amazing value makes it easier than ever to enjoy the prestige of a luxury diesel motorhome. Its custom-built Roadmaster chassis is designed specifically to our exacting standards, for a smoother ride and safer handling. And the Cummins® ISB 300 engine gives you plenty of zip for the passing lane. New highlights this year are the side-hinged baggage doors, making it easier to see and reach the gear you stow down below. Plus, with pass-through storage compartments, you can plan to take along all your favorite gear and sports equipment. Ready for a whole new adventure? The Cayman is waiting to take you there in style.

DRIVING YOUR DREAM.

Dreams. They're the way we write the story of our lives. Some are serious. Like raising kids or building a business. Others are pure fun. Like the dream you have early on a summer morning, sipping coffee and working on your life's next chapter. It's about making big plans and changing them on a whim. Or even better, following your heart without any plans at all. Yes, it's the dream of a lifetime. And with Monaco's legendary quality, reliability and innovation, we can make it all come true.

MONACO®

DRIVING YOUR DREAM.™

In the driver's seat, you'll experience automotive-style comfort, with easy-to-read gauges, a tilt/telescoping steering wheel and cruise control. The power heated exterior mirrors are mounted on the front cap for better visibility, and multi-positioned sunvisors block the glare at all times of the day. In addition, power sunvisors and pilot and co-pilot sunshades are convenient options. Soft touch vinyl cockpit seats are both comfortable and durable, and an optional six-way pilot seat allows you to easily find the perfect driving position. You'll also enjoy cruising to your favorite music, thanks to the CD player/radio with four speakers.

A You'll appreciate the convenience and increased visibility provided by the new **side-hinged baggage doors**. And the one-piece polyethylene storage compartments are a cinch to wash down, whenever necessary.

B The 2005 Cayman features the industry-leading performance of an **Allison® 2500 MH 5-speed World Transmission**. Its easy-to-use push button shift pad is conveniently located on the driver's console.

Each year, our designers create color and fabric combinations that lead the industry in warmth and style. This year, we're offering five beautiful decors and three stunning cabinet finishes.

Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.

As you choose your favorite style of
woodwork, you can be confident that
each selection is crafted to the highest
standards. The Cayman's cabinets
feature hardwood raised panel doors
with satin nickel hardware and cabinet
end panels. The drawer boxes are also
made of wood, and as you open
and close the drawers, you'll feel
the quality of the heavy-duty ball
bearing guides.

1 Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

2 All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

3 Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.
