**TIOGA & TIOGA SL**  
CLASS C

Wide Range of Floor Plans | Home-Like Interiors | High-Quality Construction | Extended Camping | Trustworthy Brand

## Tioga brings your family closer – with lots of space.

We created Tioga for families to relax together. And that starts with our wide range of floor plans, nicely designed so everybody has room to sleep, eat and play Chinese checkers comfortably.

The available slide-outs give you even more space to relax. Next, we selected comfy furniture and attractive décor choices so it feels like home, wherever you are. Then we built in smart safety features, like car seat restraints. All so you can spend some nice time with your loved ones.

**THE DRIVER'S DASH** includes an AM/FM radio with a CD player – perfect for sing-alongs on road trips.

Tioga 31M shown with optional entertainment center in Mocha Java interior décor with Windsor Birch cabinetry.

**SAFETY FEATURES** provide peace of mind, such as a carbon monoxide detector, smoke detector, propane detector, fire extinguisher, and safety tether for a child's car seat.

**FLEXSTEEL® FURNITURE** looks great, wears well and carries a lifetime warranty on the frame.

# Perfect for cooking up flapjacks – and your next adventure.

The galley is the heart of your Tioga, so we equipped it with our very best. For example, you'll find rich wood cabinets featuring arched, raised panels, and a double-bowl sink with a deluxe faucet. But underneath this beautiful exterior, you'll find Tioga is built for functionality and chock-full of practical features. Now that's food for thought.

**THE MONITOR PANEL** lets you keep an eye on your battery and tank levels, and remotely operate the generator and water pump.

**A FLIP-UP COUNTERTOP** gives you more room when you need it, and folds down when you don't. A sink cover provides even more countertop space.

**THE POTS AND PANS DRAWER** holds large cookware – the perfect place for your jumbo spaghetti pot.

**SPACIOUS STORAGE** with raised arched wood doors holds plenty of full-size dinnerware to feed the biggest family – plus a few friends.

## The Tioga SL – it's like catching your limit.

You get the maximum with the Tioga SL – all the features of the Tioga plus a bunch more, like more overhead storage and full basement storage so you can bring more stuff. And more seasons to camp in, thanks to heated, enclosed holding tanks to help prevent freezing during cold snaps.

**THE BACK-UP MONITOR** (optional) in full color helps you back up safely. You can even hear directions from your assistant through the one-way audio.

Tioga SL 30U shown with optional entertainment center in Bahama Blues interior décor with Windsor Birch cabinetry.

**THE ENTERTAINMENT CENTER** (optional) includes a 24" TV and DVD/VCR combo with surround sound, turning Tioga SL into a theater instantly.

**THE SOFA BED** seats three so you can all gather around to play charades. At bedtime, it converts to a comfy bed.

# The Tioga SL galley – it's like s'mores instead of roasted marshmallows.

Everything's a bit sweeter in the SL version of Tioga. The fabrics are more luxurious, the refrigerator is 30% larger, and lots of nifty conveniences are included, such as fresh water filtration for the whole coach. Even the driver and passenger seats are covered in Ultraleather™ for comfort and beauty.

**FULL EXTENSION DRAWERS** slide out all the way so you can even store things in the very back of the drawer.

**UNDER-DINETTE STORAGE** uses a pull-out basket to make it easy to retrieve your games, crafts or pet supplies.

**THE ENTRY ASSIST HANDLE** helps you enter and exit more easily, no matter how tall you are.

**THE CONVECTION MICROWAVE** delivers the fast cooking of a microwave and the fast baking and broiling capabilities of a convection oven.

**THE DINETTE** seats four adults comfortably right next to a big picture window.

**THE SNACK TRAY**, built into the sofa bed, keeps sodas from spilling thanks to two cup holders.

**THE TIOGA INCLUDES A QUEEN-SIZE BED** (select models) with a high-quality innerspring mattress, just like home. (Headboard on select models.)

**THE SHOWER** lets you wash that campfire smoke smell out of your hair in an elegant glass enclosure (31K & 31M models), with a water saver feature so you can dry camp longer.

**UNDER-THE-BED STORAGE** is the perfect place for extra sheets and blankets – even that old sleeping bag you never have to use again (select models).

Whether you hiked to the summit or just to the picnic table, you deserve a nap in the queen-size bed. Just pull down the pleated shades and let the dreams begin.

**THE DINETTE** converts to another comfy bed for a tired camper. Just retrieve Teddy from the storage area underneath.

**THE MEDICINE CABINET** is large enough for your toiletries. With vanity lights and a big mirror, “camping hair” is a thing of the past.

**THE TIOGA SL INCLUDES A QUEEN-SIZE BED** with an innerspring mattress.

**THE BATHROOM** offers the conveniences of home, from the large sink and medicine cabinet down to the china toilet bowl.

**HIS AND HERS WARDROBE STORAGE**, with mirrored doors, ends the space-sharing struggle by providing two closets (30U model).

**THE CABOVER BED** provides huge snoozing space instantly, thanks to the patented slider bunk. And it folds away easily.

## EXTERIOR FEATURES – TIOGA

### TUFF-PLY ROOF

is UV resistant, durable, easy to clean, and doesn't scratch like many competitors' fiberglass or aluminum roofs.

### DRIP RAIL MOLDINGS

channel water off the Tioga at the front and rear, preventing those ugly streaks on the sidewalls.

**TUFF-COAT® EXTERIOR FIBERGLASS SIDEWALLS** are Vacu-bonded® into a strong composite structure, unlike some competitors' thin fiberglass laminate.

**POWDER-COATED STEEL RUNNING BOARDS** are sleek and stylish.

TIOGA shown above in Mocha Java.

## Tioga and Tioga SL Exterior Features

Since the whole point is to spend time outdoors, we've put many great features on the outside of the Tioga and Tioga SL.

**PASS-THROUGH STORAGE** holds fishing poles, water skis and other long items, and a bin to store ice for cold drinks (models 26Q and 29V).

**THE EXTERIOR SHOWER** can rinse the mud off waders and frog-catching kids. (Standard on Tioga and Tioga SL 31M & 31W, optional on other models.)

**TWO-WAY RADIOS** (optional) let you hike, fish or visit other campsites while keeping in contact with your family. Includes 4 walkie-talkies and a charging station.

**THE FUEL FILL** is located in the back, so you can pull into any pump at the filling station and refuel (select models).

There's no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

#### Service

Help is nearby. When you need an upgrade or repair, you'll find facilities all across North America and more than 1,100 dealers ready to assist you.

#### Warranty

Breathe easier with RV Ownercare, one of the best warranties in the industry. See your Fleetwood dealer for details.

#### Trust

More people trust Fleetwood. After all, we've spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.

### BUILT BETTER FROM THE INSIDE OUT

- 1) FLEETWOOD'S TUFF-PLY ROOFING TECHNOLOGY** is one of the most durable roofing materials on the market and also resists radiation by reflecting sunlight (reduces chalking). White roof material minimizes heat build-up, keeping the temperature cool and comfortable.
- 2) RELIABLE TuffPEX® PLUMBING** runs throughout each vehicle creating a durable seal on all internal tubing. TuffPEX® tubing is easy to install, tough, will not crack if frozen, flexible and corrosion resistant. The TuffPEX® system is an industry leader in quality plumbing.
- 3) TUFF-COAT® FIBERGLASS COMPOSITE.** Fleetwood uses one seamless solid piece of exclusive Tuff-Coat® fiberglass composite for each outer wall. It resists UV rays, cracks and impacts.
- 4) VACU-BOND® SIDEWALLS, FLOORS AND CEILINGS** assure a strong, weather-resistant structure, framed in aluminum or steel. The Vacu-bond® process is unmatched by many competitors.
- 5) HIGH DENSITY BLOCK FOAM INSULATION** is precisely cut to fit between framing members. This ensures maximum insulation throughout the vehicle.

Drawings are for illustrative purpose only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.

- GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW unloaded vehicle weight plus the (CCC) cargo carrying capacity.
- GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
- Base Weight is the estimated weight of the motor home without fuel, options, water, cargo or passengers.
- GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer's manuals for complete information.
- Length taken from front bumper to rear bumper (excludes accessories).
- Excludes safety equipment and awnings.
- Motor homes feature a body-width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
- Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

\* = Estimated Weights

UVW and CCC are found on the cargo carrying capacity label in each RV.

Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

**RV OWNERCARE\***

Limited one-year/15,000-mile coach warranty and three-year/50,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry's most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge. RV OWNERCARE coverage is provided from a company that will be around in the future to service your needs. See your nearest Fleetwood dealer for a full explanation of benefits and restrictions.
