

Wildcat

BY FOREST RIVER

AERODYNAMICALLY DESIGNED TO BE PULLED BY TODAY'S HALF TON VEHICLES.

THE DIFFERENCE IS IN THE DETAILS.

WILDCAT: COMFORT, LUXURY, AND CONVENIENCE.

Put the worries of the busy world behind you and enjoy a family retreat filled with adventure. Wildcat's welcoming interior is a comforting blend of function and style with unique design features like this fully-equipped slide-out kitchen (shown below). From the warm oak cabinetry with handy shelves for all your cooking needs, to the convenience of the microwave and large refrigerator, the Wildcat will make you feel right at home.

Right – It's the extra touches, like storage space above the refrigerator, a pots and pans drawer under the stove, oak-edged residential counter tops, trash can located under the sink, and plenty of storage drawers and cabinets in our spacious kitchens that make the difference.

Sleek laminated fiberglass sidewalls and slideouts combined with bold and striking exterior graphics set Wildcat apart from the competition. Model 27RL Fifth Wheel shown.

MODEL 29LKS FIFTH WHEEL

MODEL 27RL FIFTH WHEEL

Storage space is top priority throughout every Wildcat. Even the bathroom contains an extra large linen closet (Fifth Wheels). There is a convenient laundry chute beneath the bathroom sink and a large wardrobe with eight drawers for plenty of storage! The bathroom shown above is available in the 27RL, 28BH, 29BHBP, and 31QBH.

MODEL 29BHBP FIFTH WHEEL

The Wildcat's rear garage gives you plenty of room to take your bikes, fishing poles, and coolers. Model 29BHBP shown.

You will feel right at home in the Wildcat's spacious master bedroom. Amenities include a queen-sized bed, many built-in cabinets and storage drawers, a panoramic bay window, mirrored closet doors, and a conveniently mounted overhead TV cabinet.

MODEL 29RLBS FIFTH WHEEL

SPACIOUS LIVING AT ITS BEST

An expanded line of new floorplans offers a variety of living arrangements and updated features that reflect the changing lifestyles of today's RVing families. Double slide-out models provide an amazing amount of comfortable living space. From the kitchen to the bedroom, the Wildcat is designed to maximize space while providing you with comfort and convenience.

Left – Details like the oak paneled refrigerator, residential-style Armstrong® flooring, and double acrylic sink make the Wildcat stand out from the competition.

Below – You won't feel closed in when you step into a Wildcat. The large windows provide you with plenty of light and a panoramic view of the outdoors. You will enjoy the comfortable swivel chairs and large sofa in the living area.

The double slide-out on the 29RLBS adds a generous amount of space to the bedroom and the living/dining area.

MODEL 29RLBS/27RL FIFTH WHEEL

WILDCAT TRAVEL TRAILERS:

Wildcat's travel trailer line offers the same level of comfort and convenience as the fifth wheel line. Standard in all models, the entertainment center features our surround sound package including an 100 watt AM/FM radio, CD and cassette player with remote control.

The front fiberglass gel coat cap and independent torsion suspension are featured in most travel trailers. Model 26FBS shown above.

Below – Wildcat travel trailer bedrooms feature residential decor and matching bedspreads, two side wardrobes with drawers as well plenty of storage beneath the queen size bed. Each feature is designed to make you feel right at home.

MODEL 26FBS TRAVEL TRAILER

MODEL 26FBS BATHROOM

Left – The luxurious travel trailer bathroom not only provides plenty of storage, but feature a fully built-in oak medicine cabinet with three-bulb make-up lights. Extra large garden showers are available in models 26FBS, 29RLS as well as 24RL, 28RK and 29RLBS in the fifth wheel line.

The Wildcat model 26FBS features a 2" laminated vacuum-bonded aluminum constructed slide room and custom upgraded exterior graphics.

WILDCAT STANDARD FEATURES

WILDCAT CONSTRUCTION

DETAILS THAT PROVE SUPERIOR TOWABILITY.

It is both quality construction materials and innovative engineering techniques that have set the Wildcat apart from the competition. Wildcat's ultra-strong steel I-beam frame serves as the foundation for our floor. Our aluminum sidewall and roof systems are the strongest, most durable in the industry. By taking the time to integrate each structural component, we are drastically improving the Wildcat's ability to take the wear and tear of road travel. This means that every Wildcat is built to stand the test of time – from the inside out!
