Freedom

There is a place where clocks have no minute hands, to-do lists are replaced with travel brochures and tailgating is about food with friends and not about freeway traffic. This place is called freedom, and everyone deserves a share of it somewhere along the way.

Giving you freedom was Newmar's inspiration for creating the Dutch Star motorhome — freedom to explore, freedom to enjoy the best things in life. Many manufacturers consider the Dutch Star quality a benchmark in the industry. At Newmar, we consider this quality a way of life. No compromises, no shortcuts, just a genuine Newmar experience throughout. Explore the features, the comfort and the quality the Dutch Star has to offer — and then explore a taste of freedom.

The Journey of a Lifetime

Every day, the family of Newmar products transports thousands of free spirits on some of the most exciting journeys of their lives. These journeys begin with quality products that are continuously improved with our customers in mind. For instance, a standard feature on all 2002 Dutch Star floorplans is the Ford 22,000-lb. chassis. We have also redesigned the exterior, including the windshield, front and rear caps, headlights and taillights. The 2002 Dutch Star also features increased fresh water capacity for your convenience and stylized exterior graphics to customize the exterior of your Dutch Star to fit your style.

New Horizons, New Interiors

No matter where you travel, you will enjoy the familiar surroundings of your luxurious and comfortable Dutch Star. In fact, the 2002 model brings you new and improved features to begin your journey. We've redesigned the dash to give it a fresh look and the slideout kitchen floorplan comes with a new GE 30" microwave with more cooking space, 50 more watts and sensor functions to make mealtime easier. We've also created three new interiors with new colors and patterns to give you a selection of interior choices for increased interior comfort.

Main photo shows Dutch Star Class A 3368 with Oak and Foilage decor.

Flexsteel swivel and recline front seats and a tilt steering wheel add to the driver's comforts, while the 19" color TV located in-dash overhead provides endless entertainment for passengers.

2

The queen-sized bed features a standard quilted bedspread with reverse sham and is surrounded by Oak cabinets that provide plenty of storage.

3

details

The kitchen is shown with standard Oak cabinetry and features a spacesaver microwave, three-burner recessed range with glass oven door and a Dometic refrigerator.

Home Sweet Motorhome

At Newmar, we know that your motorhome is your home away from home. You want a look that welcomes you every time you step inside. We want a look that maintains its quality and aesthetic beauty year after year. That's why we offer you a variety of interior options to customize your Dutch Star just the way you want it. You can select the decor that's right for you, whether it's Silver Lake Blue, Foilage or Gray Dawn. You can choose standard Oak cabinetry or optional Snow Maple cabinets. The freedom to travel, the freedom to personalize your Dutch Star — only the best from Newmar.

Freedom to Choose

The Dutch Star Diesel Pusher gives you the freedom to return to some of your favorite places or chart a new course for adventure. We have integrated some new features for 2002 that will make getting there half of the fun. New graphics trim the exterior, and new colors are an option on the Dutch Star's fully painted exterior. The Dutch Star exterior is also redesigned with new front and rear caps, a new windshield, bumper, headlights and taillights. A redesigned entrance power step provides better accessibility and more freedom to get in and out to see the sites. The Dutch Star gives you the freedom to choose your destination, choose your style and choose quality — that's our promise.

2002 Dutch Star Diesel Pusher

Year 'Round Style

Weekends to visit friends or winters to enjoy the sun, the Dutch Star Diesel Pusher is the perfect motorhome to accommodate all your traveling needs. The 2002 model-year improvements include a new style of carpet. We have also increased counter space via a pullout countertop extension that slides into a cabinet slot when not in use. Pecan-Maple hardwood cabinetry is another new interior option that helps you personalize the interior decor to suit your taste and enhance your experience.

Main photo shows Dutch Star Diesel Pusher 3892 with optional Cherry hardwood and Black Pearl decor.

The Best in Life

Special moments await you in the new Dutch Star Diesel Pusher. Select from our wide variety of decors, Black Pearl, Purple Haze, Silver Lake Blue, Foilage or Gray Dawn, to create an interior you'll enjoy year after year. Oak cabinetry is a standard feature, but you may choose one of our four woodwork options: Oak hardwood, Cherry hardwood, Frosted Maple hardwood, Snow Maple or the newest option, Pecan-Maple hardwood. The freedom to choose, the freedom to travel and the freedom to experience the best in life — all with the Dutch Star Diesel Pusher.

Beneath the Surface

At Newmar, our relentless pursuit of quality is a source of great pride. That's why we're not afraid to reveal what we're really made of. When you look below the surface you can see our construction is unlike any other. We don't take short cuts, we construct. Our units are framed like the framing in your home. No matter which model you buy, each Newmar motorhome is assembled on the same production line, built with the same high standards and care. Newmar Quality: A Way of Life, and we mean that from the inside out.

We prefer sidewall framing 16 inches on center with aluminum studs. Why? Because this construction provides room for more insulation and allows wall outlets to be positioned like those in your home. In addition, this sidewall doesn't depend on the lamination process for its strength.

Delivering on Our Promises

The Newmar warranty is as straightforward and honest as our philosophy — build an excellent product and stand behind it all the way. We take pride in the fact that our 36-month or 36,000-mile, bumper-to-bumper limited warranty is the best in the industry. Being the best has many advantages. Not only do our customers go home with confidence and peace of mind, they go home with a warranty that is easy to read and understand, with no hidden fine print or confusing language.

At Newmar, we engineer quality into everything we build and require the same high standards of every component we include in our products. So, when you compare warranties, check the fine print. We think you will find our warranty amazingly simple and surprisingly complete... just the way our customers want it.

Exact quality, simple language, and products you can trust and enjoy. That is the Newmar promise.

*Warranty does not cover tires, batteries or chassis. The chassis is covered by the individual manufacturer's warranty.

Newmar Quality: A Way of Life

NEWMAR CORPORATION
355 N DELAWARE ST
PO BOX 30
NAPPANEE IN 46550-0030
