PALOMINO // Interior Features

1. Slide gauchos with 4" foam cushions easily convert into extra sleeping surfaces.
2. 4" heated mattresses with quilted tops keep you cozy on those cool fall nights. High quality, hypoallergenic, polyester fiber mattresses are comfortable and quiet with no hard, metal springs.
3. Bunk ends with breathable canvas window inserts and large screens allow for a refreshing, comfortable night's sleep. Sectionalized marine grade tenting is durable and easy to clean.
4. Vented bed end curtains and available bunk light / fan combinations help circulate air for a comfortable night's rest.
5. Precisely engineered galleys with large sinks make cooking a breeze. The 2 or 3 burner cooktop is removable and able to be hooked outside for cooking under the awning on those nice summer days.
6. Available Dometic® 3-way (gas, 12v, 110v) refrigerators and Suburban® furnaces provide all the creature comforts of home.
7. Slide out floor plans with low step heights allow for increased head room and larger dinettes with more storage.
8. Quality hi-pressure laminate Formica tables are designed with free standing legs and can be used inside or outside under the awning.
9. Every Palomino camping trailer is designed to maximize storage. Storage is easily accessible through the large cabinet doors and smooth operating drawers. Storage access is also available through the dinette tops for larger items.
10. Powder coated bed rafter and bed bow poles protect your investment and keep it looking new for years to come. Clear windows with screens made of the finest mesh netting available allow for 360° views.
11. 4" foam cushions for increased comfort. Cushions are also made with vinyl on the back side for those times when the kids are in wet bathing suits or enjoying a messy treat.
12. Large counter tops made from hi-pressure laminate Formica are easy to clean and will last for years adding value to your investment.
13. One-piece Congoleum® vinyl floors are attractive, durable and easy to clean and maintain.
14. The standard Palomino safety package includes a fire extinguisher, carbon monoxide detector, smoke detector and LP gas detector. Your family's safety and enjoyment are our top priorities.
15. Available toilet and shower combos along with built-in porta potti storage cabinets bring the conveniences of home with you.

CRANK-UP LIFT SYSTEM

- The drive system is enclosed for protection from weather and road conditions.
- The underneath location of the system allows for easy inspection and maintenance. Grease zerks are located top and bottom of the main tube to allow yearly maintenance.
- A single cable capable of 3,200 lbs. tensile strength rotates around the rear cable pulley and pushes the four flexible steel push rods up the lifter posts.
- Flexible steel push rods.
- Three stage plated lift post.

Learn More

Scan this barcode using a QR Reader on your smart phone to learn more about Forest River.

A Berkshire Hathaway company.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.
